

James Fehlberg

Teacher · Digital Technologies · Design & Industrial Technologies · Mathematics

PROFILE

Secondary teacher and curriculum leader with current responsibility for Years 7-10 Digital Technologies curriculum and assessment, middle-years teaching experience, whole-staff professional learning, trauma-informed youth work and operational coordination.

RELEVANT EXPERIENCE

Teacher · Digital Technologies / Design & Technologies 2023-CURRENT

Ferny Grove State High School

- **Curriculum leadership:** leads development of Years 7-10 Digital Technologies units aligned with ACARA v9, including Python, game development and robotics.
- **Assessment and moderation:** develops assessment frameworks, marking guides and exemplars to strengthen transparency and consistency of teacher judgement.
- **Staff capacity:** supports colleagues and early-career teachers in planning and digital pedagogy; has led whole-staff professional development on AI.
- **Student engagement:** coordinates coding and robotics opportunities and uses scaffolded, differentiated and project-based learning across mixed-readiness classes.

Teacher

2021-2022

Kimberley College

Taught Years 7-9 across subject areas and General Mathematics in Years 10-12. Used personalised and differentiated instruction, project-based learning and social-emotional learning to support middle-years students with varied needs.

Youth Worker

2019-2020

Churches of Christ Care

Supported young people with complex trauma using de-escalation, co-regulation, formal case plans and records, and coordinated communication with families, schools, Child Safety and health professionals.

Banking Consultant

2015-2019

ANZ

Used data analysis, negotiation and clear communication to identify client needs and explain complex financial products and options.
