

James Fehlberg

Teacher · Digital Technologies · Design & Industrial Technologies · Mathematics

PROFILE

Secondary teacher with experience across curriculum leadership, assessment and moderation, staff development, middle-years teaching, trauma-informed youth work and operational coordination. Current practice combines classroom credibility with practical systems that improve consistency, access and follow-through for students and staff.

RELEVANT EXPERIENCE

Teacher · Digital Technologies / Design & Technologies 2023–Current

Ferny Grove State High School

- **Curriculum leadership:** leads development of Years 7–10 Digital Technologies units aligned with ACARA v9, including Python, game development and robotics.
- **Assessment and moderation:** develops assessment frameworks, marking guides and exemplars to strengthen transparency and consistency of teacher judgement.
- **Staff capacity:** mentors colleagues and early-career teachers in planning and digital pedagogy; has led whole-staff professional development on AI.
- **Student engagement:** coordinates coding and robotics opportunities and uses scaffolded, differentiated and project-based learning across mixed-readiness classes.

Teacher

2021–2022

Kimberley College

Taught Years 7–9 across subject areas and General Mathematics in Years 10–12. Used personalised and differentiated instruction, project-based learning and social-emotional learning to support middle-years students with varied needs.

Youth Worker

2019–2020

Churches of Christ Care

Supported young people with complex trauma using de-escalation, co-regulation, formal case plans and records, and coordinated communication with families, schools, Child Safety and health professionals.

Banking Consultant

2015–2019

ANZ

Used data analysis, negotiation and clear communication to identify client needs and explain complex financial products and options.

LEADERSHIP EVIDENCE

- Years 7–10 curriculum development
- Assessment, moderation and CTJ
- Early-career teacher support
- Whole-staff professional learning
- Robotics and coding coordination
- Excursion planning and delivery
- Behaviour investigation and family communication

QUALIFICATIONS

- Bachelor of Education (Primary), Mathematics Minor
- Certificate IV in Training and Assessment (TAE40122)
- Therapeutic Crisis Intervention training
- Current CPR and First Aid
